Maintenance contracts

Our software maintenance contract contains free updates to the latest software release as well as free hotline support.

The monthly fee for this service is 1.5% of the software list prices of all components used.

The maintenance contract runs for one year following our receipt of your invoice payment. Invoice payment is annually one year in advance.

Do You Prefer to Program Yourself?

Take a look at our “QS-Barcode SDK” software which is available as a developer library (C-Lib, DLL and OCX). If you're a developer, you'll want to integrate barcode reading ability into your own programs. Integrating the functions is easy and performed in no time.
